

SOCIAL MEDIA. DO'S AND DONT'S

THE DO'S OF SOCIAL MEDIA;

- 1.Think before posting – Always consider the impact of your post, as once it's online, it can be permanent.
- 2.Protect your privacy – Keep personal information safe by using strong passwords and adjusting privacy settings.
- 3.Be respectful – Treat others kindly online; avoid hurting feelings or insulting anyone.
- 4.Report inappropriate content – Notify the platform about harmful, offensive, or spam content to help maintain a safe community.
- 5.Balance online and offline time – Spend time on other activities outside social media to stay healthy and productive.

THE DONT'S OF SOCIAL MEDIA;

- 1.Don't overshare personal information – Avoid posting sensitive details like your address, phone number, or passwords, which can be misused.
- 2.Don't bully or insult others – Avoid harassing, threatening, or insulting people online; it can harm others and have legal consequences.
- 3.Don't click suspicious links – Links from unknown sources can contain viruses, malware, or phishing scams.
- 4.Don't use offensive language – Avoid hate speech, threats, or inappropriate jokes that can hurt others or damage your reputation.

5. Don't share personal info with strangers – Be careful about direct messages or friend requests from unknown people.
